I Embrace this opportunity with the Greatest  
Pleasure to write you a few lines Hoping  
they may find you well as they leave me  
at present I am well in health and greatly  
Contented we are all well and long to see  
you very much and our Friends at Nordich  
I have no news to inform you at present  
of any Battle only hear the Kings Commem-  
oration day I mean the 22 day there has been  
Continual Firing this two or 3 days from  
the Neck to our people at Boatswain and so  
from Bunkers hill I have not heard of  
any body has been killed or wounded  
there has there been a very peaceable time this  
long while I really think that there will  
be a dust among us before very long  
I should be very glad if you would send me  
word whether you & the Friends at Nordich  
are well I shall write more at present  
So I remain your Affectionate Friend Solomon
